

Conflict Mediation and De-Escalation Techniques

Presented by:
Dianne Vargas, Ed., D.

April 19, 2024 ~ 1:00 PM - 4:00 PM

This workshop is designed to assist local educational agencies in developing strategies for implementing conflict mediation and De-escalation techniques. De-escalation techniques can be an effective intervention tool that not only helps individuals who are in crisis but also reduces school liability and injury. This training will teach participants various skills, such as understanding the nature of interpersonal conflicts, communication, anger management, negotiation and peer mediation. Participants will learn strategies to run an effective conflict mediation meeting with follow up tiered interventions. The second part of the workshop will provide participants with communication skills to help de-escalate volatile situations while maintaining the wellbeing of others.

Who should attend this training? School social workers, school psychologists, community specialists, Interventionists, counselors, mental health providers, and administrators

Cost:

\$120 per person

Location:

Location will be sent upon registration
