**What to expect?**

Social work practice in school settings presents a variety of unique legal and ethical issues. The two part workshop first reviews the relevant legal codes such as FERPA, Minor Consent for Treatment, and HIPAA, and introduces a decision making process for coping with ethical dilemmas. The second session reviews the educational rights of foster and emotionally disturbed youth in order to enhance social worker's advocacy skills on their behalf. Participants will discuss vignettes that are drawn from situations encountered in practice.
