

Campus Security/Supervisors Training

July 30th - August 1, 2024
8:00 AM-4:30 PM

This series of workshops will provide training to Campus Supervisors who have the responsibility for the security and the protection of students, personnel, and property at school sites.

This training is designed for all levels of staff, especially campus monitors, campus supervisors, campus security officers, and their immediate supervisors. The full series provides the 24 hours of training required by the Education Code Section 38001.5 for campus security supervisors.

Participants will receive valuable and updated information that will increase their effectiveness and may reduce their district's potential for liability. Participants will receive a certificate verifying successful completion.
