

Innovative Attendance Solutions for Student and School Success: Data & Tier 1

OCTOBER 1, 2024
8:30AM - 2:30PM

Attendance is fundamental to student and school success, and absenteeism is more complex than ever. With the significant disparities in educational opportunity it's essential to ensure students are in class to access learning opportunities and social supports. EveryDay Labs, Inc. will deliver sustainable strategies tailored to support goals and use attendance as a systemic lever to drive improvement across various metrics associated with student success.

Topics Include:

- Analyzing data to create targeted early intervention systems for Tier I students
- Building a Foundation for understanding the impact of chronic Absenteeism
- Developing effective attendance teams
- Strategies for taking action based on attendance data and creating campaigns that focus on "dip days"

Presented by

EveryDay Labs[®]
