

# How to develop PLCs for Singletons and Small Schools

Designed for schools with limited staffing—such as one teacher per grade level or grade band—this training supports educators and leaders in building strong, collaborative systems for student success.

Learn how to:

- Strengthen your PLC practices
- Foster a culture of continuous improvement
- Implement effective, team-based strategies—even with small teams

Join us to gain practical tools and insights that will transform teaching and learning at your site!

**2-DAY EVENT**  
**December 10-11, 2025**  
**8:30 am - 3:30 pm**

Time: 8:30am - 3:30pm  
Cost: \$300

We encourage schools to register as teams to support meaningful collaboration and joint planning.

**Presenter:**  
**Aaron Hansen**

Aaron Hansen is a nationally recognized presenter and author of *How to Develop PLCs for Singletons and Small Schools*.

Aaron has worked with thousands of educators across North America and beyond, helping them improve their processes for PLCs, RTI, teacher and leader improvement, student and staff culture, and comprehensive school transformation.

Transform education worldwide to ensure learning for all
